Hello Everyone,

We have closed on the loop on the Ute Mountain Ute tribe. I spoke to Scott Clow earlier today on the phone, Sarah has emailed him, and Ed Gilbert is supposed to reach out to him soon on the environmental side of things.

Thanks,

Sure! We just discussed them today and had drafted an email to reach out to the Tribe as they have been fairly nonresponsive. I will email Scott and we will set up a call with them early next week.

Thanks,

Sarah

Sarah,

I am not sure if Cinna is still around today but could you help with the below request?

Cinna,

Scott Clow returned my call today and they are looking at approximately \$4,000 in sampling and monitoring plus some personnel costs associated with sampling and monitoring. Do you want to contact him directly or do you want me to be the contact here in Durango? He is looking for information on how to get the process started, etc.
